## Profile

As a passionate full-stack developer, I have honed my skills through various projects that showcase my ability to create innovative solutions. While I may not have real-time industry experience in the development world, my hands-on involvement in these projects demonstrates my proficiency in both front-end and back-end technologies. I am eager to leverage my diverse background and technical expertise to contribute effectively in the dynamic field of full-stack development.

## Projects

SR-SUWON RESTAURANTS ([HTTPS://SR-HEGGC.ONRENDER.COM/](https://sr-heggc.onrender.com/))

- Built a MERN full-stack application enabling foreigners to explore diverse restaurants in Suwon and access information about them.

LANDING PAGE ([HTTPS://L-PAGE.VERCEL.APP/](https://l-page.vercel.app/))

- Built a landing page using NextJS and Typescript.
